

Personal Code of Environmental Ethics:

1. Turn off lights, computer, stereo and T.V. when I'm not in the room.
2. Ride my bike to school instead of driving my car when the weather is nice.
3. Buy less stuff!
4. Always carry a water bottle with me-never buy plastic water bottles that get thrown away!
5. Buy as much of my food as I can from local farmers.
6. Replace my lawn with a garden for fruits and vegetables.
7. Never use pesticides or herbicides on my garden.
8. Volunteer to clean up my neighborhood parks.
9. Get to know the plants and animals of my area.
10. Join an environmental organization to protect the things I love in nature.
